FLORIDA SHERIFFS YOUTH RANCHES, INC. DISCIPLINE POLICY

HANDOUT TO YOUTH AND FAMILY

The purpose of discipline is to teach youth life-skills necessary to grow into lawful, resilient, and productive citizens. The goal of any behavioral intervention should be for youth to learn to self-regulate, use positive coping skills, and develop positive pro-social behavior, rather than to punish or shame youth for poor choices. Our staff use holistic, evidenced-based, and trauma-informed strategies and interventions called Trust-Based Relational Intervention (TBRI®) to achieve long lasting behavioral change.

This handout is provided to help familiarize you with the guidelines governing our discipline process at the Florida Sheriffs Youth Ranches.

Proactive Strategies

Staff will first strive to prevent misbehavior by using proactive strategies such as mindfulness, pre-teaching, and focusing on each youth's individual strengths, interests, talents, and resources to provide opportunities for positive development.

Behavioral Interventions

At all times, staff will strive to be flexible and ensure each youth's basic physiological and emotional needs are met. When addressing misbehavior, staff will consider a continuum of the following interventions, starting with the least restrictive as seen below.

The TBRI IDEAL Response

In all cases, staff will use the TBRI IDEAL response to address misbehavior. The response will be:

- **Immediate:** Staff will aim to respond within 3 seconds
- **Direct:** Staff will use TBRI Engagement strategies including direct eye contact, proximity, and reassuring touch when appropriate
- **Efficient:** Staff will use the minimum amount of intervention necessary to get behavior back on track
- **Action-Based:** Staff will provide opportunities for youth to make the right choice. For example, when possible, offering the opportunity for a re-do
- **Leveled at the Behavior, Not the Youth:** Staff will address the behavior at hand and not the youth

Least restrictive

1. Playful Redirection
2. Structure/Limits
3. Utilizing Natural Consequences (when appropriate)
4. Give Opportunity to re-do/ try again
5. Supportive Action Plan
6. Logical Consequences
7. Protective Engagement (Physical Restraint)*

Most Restrictive

Physical Restraint

The use of physical restraint may only be initiated and utilized by staff trained in the Crisis Prevention Institute's Non-Violent Physical Crisis Intervention techniques.

Physical restraint will only be used if the youth's behavior meets the following conditions:

- The youth's behavior presents a clear risk to themselves or others
- The youth's behavior is beyond instructional control
- Less restrictive alternatives and de-escalation strategies have proven unsuccessful

Any use of physical restraint will be documented in an incident report, follow-up with the youth will be completed using a Therapeutic Physical Intervention form, and you will be notified within 24 hours.

Family Review Conference

If the therapeutic discipline procedure has been thoroughly followed and positive change is not achieved, a Family Review Conference (FRC) may be needed to determine appropriateness of placement. The FRC will consist of a meeting including the youth, their family, and members of the treatment team to identify the youth's strengths and resources, current needs, goals, interventions and progress.

PROHIBITED FORMS OF DISCIPLINE

The following forms of discipline are prohibited in this agency:

- Any type of discipline that is emotionally degrading
- Harassment or bullying of children by staff or other youth based on their race, national origin, religion, gender, gender expression, sexual orientation, disability, or any other legally protected characteristic

- Any attempt to change, punish or discourage a youth's sexual orientation, gender identity, or gender expression
- Any use of corporal punishment
- Using youth to discipline other youth
- The use of forced physical exercise solely for the purpose of eliminating behavior
- Punitive work assignments
- The punishment of a group for one youth's behavior
- The use of medication as punishment, or as a restraint alternative
- Any use of mechanical restraints
- Extended isolation of a youth beyond the boundaries of what would be considered reasonable
- Threatening a youth's removal from a facility
- The use of any painful or aversive consequence
- Denial of food. This includes snacks though the staff may use discretion in snack selection
- Depriving the youth of their rights as defined in this agency's Youth and Family Rights guidelines

NON-PUNITIVE WORK GUIDELINES

The use of constructive work assignments as a means of encouraging appropriate behavior is permitted, but must be applied under the following conditions:

- Work must not be assigned in hourly increments, but as a teaching interaction, which is directly participated in and supervised by the staff member making the assignment
- The assigned work must have a beneficial use, and cannot be designed to be demeaning, degrading, or humiliating
- Whenever possible, the assigned work should have a logical connection to the behavior that is being addressed
- Any plan to assign work as a consequence must be done in consultation with the team or unit director

I have been given a copy of these discipline guidelines and agree to these methods,

EXPECTATIONS

TRUST BASED RELATIONAL INTERVENTION (TBRI®)

Here at the FSyr Donald Ralph Cooke School, we believe in providing students with the opportunity to learn in a trauma-informed environment where they can feel safe, cared for, and successful. Faculty and staff will implement Trust Based Relational Intervention (TBRI®) strategies to allow students to experience felt safety and connection and practice self-regulation. When misbehavior occurs, students may be given the opportunity for a redo, an offer of choices, or given an opportunity to ask for a compromise when appropriate before applying consequences.

First-Period Social Skills and Character Education

All students will participate in a first-period Social Skills and Character Education Course. This elective will focus on the principles of TBRI in a safe, fun, and nurturing environment while fostering relational health and building character within our students.

CELL PHONES

Cell phones are prohibited in our school and our campus. If a student is caught with their phone after 8:00, it will be taken from them by the dean and returned to their cottage parents/parent or unit director. If a student is caught with a cell phone for a 2nd time, the phone will be taken and not returned. An exception will be made for Senior Privileges. They will be expected to turn their cell phones into the front desk each morning. There will also be times that cell phones are needed by our Juniors and Seniors when signing up for testing and post-secondary preparation.

ACADEMICS

All student's transcripts are thoroughly evaluated upon acceptance into the Boys Ranch Program. All students will be placed into academic and elective courses based on their individual needs.

Students who need credit retrieval for failed coursework will either be placed in that course for the school year, attend after-school credit make-up, or be placed in summer school, depending on the time of year the student is accepted. Once a passing grade is achieved for semester work, the new score will be added to the transcript under the school year of completion. The failing grade will remain on the transcript but will not count against GPA.

Cheating and plagiarism are never allowed at FSYR Donald Ralph Cooke School. If a student is caught cheating or plagiarizing an assignment, they will receive a zero and the expectation will be that the student will repeat the assignment. This will be done during remediation days, monitored after school time, at home and/or in study hall at their cottage. It will be up to the teacher to decide how their grade will be affected once the assignment is resubmitted.

ATTENDANCE

The importance of regular school attendance is emphasized by FSYR Donald Ralph Cooke School and by the Florida Compulsory Attendance Law. School attendance is the responsibility of the parent and the student.

Absences

It will be the responsibility of the student to make sure that all missed work is made up upon return to school. Students should obtain all make-up work within two days of returning to school. It will be at the teacher's discretion for the due date. If a student begins to fall behind in their academic courses, after-school tutoring and credit make-up will be assigned. For our resident parents, those who wish to request a non-scheduled home visit must do so at least two weeks prior to the dates you are requesting. Students should maintain a C or better average in all courses to be granted extended periods of time away from school. All requests will be handled on a case-by-case basis.

Students should not miss more than 10 days in a full school year or more than 5 per semester. Summer school may be assigned for those students who fall behind in their academics due to excessive absences.

A written excuse must be submitted to the Assistant to the Dean, Tresca Walker or emailed to twalker@youthranches.org for the student's absence/tardy to be excused.

Examples of Excusable Absence/Tardy:

Illness

Serious illness or death in the family

Medical appointment

Emergency medical or dental

Agency and school activities

Legal matters

Pre-Approved family activities

Other absences excused by DOE

Tardiness

It is the expectation that students will transition to and from class in a timely manner. A student will be considered tardy if they arrive to class after the tardy bell. Tardiness will be considered excessive when there are more than 3 per nine-week period.

ATHLETICS

FSYR Donald Ralph Cooke School students will be allowed to participate in the Suwannee County School District sports programs and activities. Students must maintain a 2.0 minimum GPA per semester and have the approval of the educational team.

Students who need to leave early for practices, games, or any other extracurricular activities will be responsible for making up any work that is missed during this time. The amount of time a student must turn in their assignments will be determined by the individual teacher.

All students will be held to the same behavioral standards, and if after-school correction/reflection activities are assigned, they will be expected to attend. Students can be released to attend their activities as time allows.

Extracurricular Activities:

Leo Lions Club
Heifer Program
Farm Activities

Volunteer Opportunities

DRESS CODE

All students will follow the dress and grooming policy and procedures set forth by the Florida Sheriffs Youth Ranches.

It is the expectation that ALL students will self-check for proper dress code each morning. We ask that all cottage parents and parents check students for proper dress code before they leave for school. Students out of dress code will be sent back home to change immediately, which will result in unexcused tardies or absences from class. Another option would be for students to receive a Payment of Debt (POD) to purchase clothing in order to be in compliance if we have their sizes available. *Dress Code clothing can be purchased through French Toast Uniforms.*

Students will be allowed to wear sports jerseys, over dress code, on game days only.

You like to look good. But you also like to slide in the dirt. You shouldn't have to choose, so we powered up the knees on these twill pants. A decorative button just adds a little extra credit. Wear a belt or leave it at home to change up your style game (and adjust the fit, of course). Wash it, dry it, and go. Repeat.
